

# Appliance Repair

You have them in your own home/apartment and are responsible for dozens if not hundreds more at your community. Do you really know your appliances? Join us for this exciting session to learn a little more on the most complicated equipment at your communities. We'll be discussing the following to help you and your residents.

- Diagnostic Process
- Repair vs. Replace
- Safety
- Getting to know your appliances, their parts and common issues
  - Washers & Dryers
  - Dishwashers
  - Ranges
  - Refrigerators
